Exclusive Offer

WINTER WEDDING

WHY CHOOSE A WINTER WEDDING?

Winter weddings at Eynesbury are a fantastic option if you're looking for flexibility and value-for-money, whilst still creating a wedding day that's perfect for you in every way. You'll enjoy greater availability of our function spaces (the best rooms are snapped up very quickly in peak wedding season, sometimes years in advance), plus you'll get the very best deals on everything from both Eynesbury Weddings and our preferred suppliers (and we mean EVERYTHING!). This means that you can still enjoy the amazing wedding you've always wanted, just without the "wedding" price tag.

We also have a variety of spaces available for both ceremony and reception, including wet weather options should they be required. It's easy, book your date, choose your favourite packages and enjoy the below perks.
